REMARKS

1. Status of Claims

Claims 1-29 were pending in the application. Applicants traverse the restriction requirement below. Accordingly, claims 1-29 will remain pending in the application.

2. Restriction

In section 1 of the Office Action, the Examiner required election as between the following allegedly distinct inventions:

Group I. Claims 1-13; and

Group II. Claims 14-29.

In response, Applicants hereby elect with traverse to prosecute Group II, claims 14-29.

Applicants respectfully submit that the Examiner has stated that the reason for restriction is that alleged subcombination has separate utility and states classifications that are both under 705/401. Applicants respectfully submit that restriction is only proper when there would be a serious burden if restriction were not required, as evidenced by separate classification, status, or field of search. MPEP 806.05(d).
